Lash and Brow

Lash Bomb Lash Lift is an innovative method to give the illusion natural lashes are longer and have more volume, using formulations and products made in the UK. The eyes are the focal point of any face and this treatment enhances the natural eyelashes giving them an amazing lift and tint. Results last for 4 – 6 weeks. Take a look at our Gallery for stunning before and after shots of this treatment. **£50.00**

Lash Bomb Korean Lash Lift – new to us for 2026. K-Bomb is an innovative lash lift treatment based on cysteamine which preserves the integrity of the keratin structure while creating spectacular curl. The low pH and thioglycolate-free formula particularly suits sensitive, fine or previously treated lashes. The damage free technology guarantees zero breakage and zero frizz. **£60.00**
